DECO GARDEN SHOWER

This freestanding outdoor shower can be moved easily where needed. It measures a little more than seven and a half feet in height and is supported by a durable teak base. A hose attaches near the bottom of the powder-coated aluminum frame, and stainless steel fittings with a polished brass finish are included. ●

SOAKE POOLS

Save space, energy, and water with a compact plunge pool and hot tub. These customizable pools are precast and delivered to the site with tile to line the interior. The outer walls can be finished with rock, slate, tile, and more. An optional saltwater sanitation system also minimizes maintenance needs, requiring fewer chemical treatments. ●

FLOW

Keep it simple with the Flow trench grate by Urban Accessories, which uses a subtle curved pattern that repeats every eight feet. Several finishes and materials, including 100 percent recycled iron and aluminum, are available. ●
